Cardskipper – digital licences

Since 2019 all the licences for drivers and co-pilots are digital. The driver/co-pilot have their licence in an app, Cardskipper.

Internationell Licens	2021	
First name Last name		
Date of birth		
Sports club		
Discipline and class		
#race number		
		

I want to inform you that the digital license-card that the driver and/or co-pilot are showing you are the real licence from the Swedish Motorsport federation. A driver who does not have a smartphone or does not know how one works have a printed version of the digital licence, but that is only a few exemptions.

**Jamie Roshage Spöndli**
